2. Once logged in successfully, you will be able to view the participant dashboard which will have 3 tabs/sections - **`Upload submission`**, **`Instructions`** and **`My submissions`**.

We advise you to go through the Instructions section once before making the content submission.

FAQs have also been mentioned there.

3. Click on the **`Upload submission`** tab. Make sure that the PDF file is in your system from where you've logged in. Portal is responsive on mobile devices as well. You can either click on the `Upload` to open the file-selector from your system or directly drag and drop your file in the upload area.
